Dear Lori,

thank you so much for the organisation and presentation of the Inaugural World Fire Congress in Washington!

My Vice President Dr. Christoph Weltecke and I really enjoyed the wonderful atmosphere of the whole event. The presentation of the various topics was regarded as very interesting, and we had the opportunity to learn a lot about the local firefighting conditions and the development of those all over the world. The supporting programme was really a highlight, and the congress was an optimal and well-used platform for intensive discussions between the participants. In my opinion, we should continue networking as we started with in Washington, so that the organisations of fire services are able to develop and improve their skills, e.g. concerning new laws and technical development.

It would be very nice if you could send me the documents of the various presentations. Personally, I want to thank all those who accompanied us so that we had an unforgettable event.

Hope to see you soon, latest in HANNOVER in 2026.

Yours sincerely

Karl-Heinz Banse
